Reviews:

* If you're looking for a 5-passenger luxury SUV that wears many hats, the 2014 Audi Q5's combination of power, performance, luxury and ability will likely strike a positive note. Excellent resale values help offset the high cost of purchase. Source: KBB.com

* Top-notch interior craftsmanship; class-leading fuel economy; strong supercharged V6; superb brake performance; roomy backseat; sporty handling. Source: Edmunds

* When a 2014 Audi Q5 drives by, its sporty and sophisticated profile can't be missed. From its dramatic wheels and classy aluminum roof rails to the graceful slope of its roof, this is one SUV that stands apart from the crowd. The Q5 has a Singleframe grille, sleek bumper and light designs, and signature Audi LED technology in the taillights and available daytime running lights. The Q5 presents its occupants with seats placed at the perfect height for easy entry and exit, with virtually no bending or stretching involved. After settling in, occupants find themselves in a cabin filled with luxurious leather and an eye-catching mix of aluminum accents and all-natural walnut trim. The dashboard has been laid out to serve the driver and features an available integrated MMI screen positioned close to the driver's line of sight. The comfortably firm seats provide plenty of room for five, with rear passengers enjoying the superb comfort awarded by reclining seats in a 40/20/40 split, independent climate controls, and privacy glass. The Q5 offers a choice between two engines, each blessed with the dual benefits of forced induction and TFSI direct fuel injection. The turbocharged 211hp 2.0L TFSI engine can achieve 28mpg on a highway cruise, while the supercharged V6 in the 3.0T model pumps out a robust 272hp and 295 pounds-feet of torque. With either engine, Audi quattro seamlessly spreads the power among all four wheels, all the time, enhancing traction under all conditions. Working in tandem with the sophisticated multilink suspension and electromechanical power steering system, the Q5 possesses an athletic on-road feel that is all too rare in the sport-utility world. Audi connect with Google Earth imagery and Wi-Fi connectivity allows for up to eight devices. Ten speakers and Audi concert radio amplify the single CD player, mp3 playback capability and iPod integration. Safety features abound in this graceful utility vehicle including power windows with pinch protection, airbags, five-link front suspension and trapezoidal-link rear suspension, lower anchors and tethers for car seats and tire pressure monitoring system.
