Standard features

(2/2)

Infotainment and Driver Assistance

KA2	Rear view camera
8G1	High beam assistant
9S0	Digital instrument cluster 10.25"
I8V	MMI® radio plus
QH1	Voice dialogue system
9ZX	BLUETOOTH wireless technology preparation for mobile phone

Dealer remarks

This vehicle won't be on the lot long!

Ingenuity, refinement, and sophistication all rolled into one vehicle. Turbocharger technology provides forced air induction, enhancing performance while preserving fuel economy. Audi prioritized comfort and style by including: a power liftgate, rain sensing wipers, and leather upholstery. Under the hood you'll find a 4 cylinder engine with more than 200 horsepower, and for added security, dynamic Stability Control supplements the drivetrain.

Our sales reps are extremely helpful & knowledgeable. They'll work with you to find the right vehicle at a price you can afford. Call now to schedule a test drive.

Technical Specifications

Engine

Engine type	Four-cylinder
Max. output HP	231 BHP
Displacement	1,984/82.5 x 92.8 cc/mm

Further information (Disclaimer)

¹ Top track speed electronically limited in the U.S. Always obey speed and traffic laws.

² Gasoline cars: Never drive until the tank is completely empty. The irregular supply of fuel that results from that can cause engine misfires. Uncombusted fuel will then enter the exhaust system. This can cause overheating and damage to the catalytic converter. Electric cars: Never drive the battery down to a completely empty state of charge.
