HOFFMAN.....DRIVEN BY TRUST!

Reviews:

* You'll like the Audi A3 if you're in the market for a smaller and consequently cheaper luxury car. More traditional than the Mercedes-Benz CLA and more legit than the Acura ILX, the new A3 feels like a real-deal premium car, and an available diesel engine is unique to the class. Source: KBB.com

* Superior cabin quality and design; efficient and punchy engines; nimble handling, ample equipment. Source: Edmunds

* In a class that's full of compromise, Audi took a different path with the A3. It features uncompromising craftsmanship, and several Audi and industry firsts, like available 4G LTE Wi-Fi hotspot connection, MMI touch, and more. Aerodynamic design in the hands of an Audi designer is always pleasing to the eye. The A3 Sedan's harmonious design is achieved in part by a Tornado line running sleekly from bold Xenon headlights to slender LED taillights, creating the impression that it's always in motion—even when standing still. The A3 interior is a new benchmark of intelligent design. From standard leather seating surfaces, decorative inlays, and an ultra-thin retractable MMI screen, to available Audi connect* with the MMI® touch wheel, every inch is artfully crafted with the driver in mind. With the large panoramic sunroof, the A3 sheds light on how a compact luxury vehicle can go big. The A3 has technologies that are anything but entry-level. The A3 has several first-in-class available features, like an ultra thin 7 retractable display that shows important vehicle information Source: The Manufacturer Summary
