Reviews:

* The 2014 Audi A8 impresses with substance and style rather than glitz and glamour, making it the ideal pick for those who seek a sophisticated flagship sedan without the pretentious image. Source: KBB.com

* The sophisticated and aesthetically-pleasing 2014 Audi A8 L is nothing less than Audi perfection. It may have only one trim, but there are three exemplary V6 or V8 engines to choose for under the hood. Its Singleframe grille, automatic xenon headlights, LED taillights and daytime running lights are unmistakable. Detailed touches accent the sedan such as LED turn indicators, heated windshield wiper nozzles and a headlight washing system. The dual exhaust is accentuated by its power trunk and power soft-closing doors. The A8 L also boasts 333hp and can bring a driver to 60mph in 5.5 seconds flat, thanks to the eight-speed Tiptronic coupled with Audi quattro AWD and ultra lightweight handling. Inside, passengers are cushioned in leather, and those up front experience 18-way power, heated seats with comfort headrests. Riders in the back of the car also enjoy comfortable headrests, and have a clear view of the in-dash DVD player. The sunroof has an optional solar power integration whether utilizing the four-zone climate control or blocking out the sun with power rear side and rear sunshades. In the evenings, passengers are treated to LED ambient lighting while the 14-speaker BOSE surround system with Audi music interface and iPod integration creates a concert venue for driving in luxury. Drivers are also fortunate to depend on MMI Navigation, cruise control, Homelink garage door opener, keyless entry and start, as well as a rear view camera. Not a company to forget the details, the Audi A8 L is also incredibly safe with airbags, anti-theft alarm, tire pressure monitoring, occupant detection, safety belt reminders and lower anchors and tethers for car seats.
