Dealer remarks

This Audi won't be on the lot long!

A great vehicle and a great value! Turbocharger technology provides forced air induction, enhancing performance while preserving fuel economy. With fewer than 15,000 miles on the odometer, this 4 door sedan prioritizes comfort, safety and convenience. Audi prioritized practicality, efficiency, and style by including: high intensity discharge headlights, turn signal indicator mirrors, and the power moon roof opens up the cabin to the natural environment. Under the hood you'll find a 4 cylinder engine with more than 200 horsepower, and for added security, dynamic Stability Control supplements the drivetrain.

We pride ourselves in consistently exceeding our customer's expectations. Stop by our dealership or give us a call for more information.
