We even pre-certify all of our Audi Vehicles so that you have the option of upgrading to the CPO warranty for a minimal up charge. No negotiation necessary! We aggregate this information using a proprietary software and process, which provides us with four primary points: Market percentage: Aggregates the pricing of all vehicles based upon Year Make and Model to determine what is fair market value. Adjusted market percentage: Takes average market and accounts for mileage resulting in a true market value which we guarantee to be below. The Price Rank: The current price ranking of our car compared to the pricing in the market. The Audi Queens OnePrice Rank: The adjusted percentage of market ranking within a 250-mile radius giving us the most comprehensive list of vehicle comparisons.

\*All Audi Queens vehicles are sold with an additional \$199 charge that includes Vehicle Theft Protection (VTP) package, backed by Virginia Surety Company, Inc. In order to protect against potential future loss as a result of theft.
