Recent Arrival!

Reviews:

* Audi's R8 is styled unlike anything else on the road, with sweeping arcs and muscular lines that are more suited to a concept car than one from a production line. More than that, the R8 delivers an intoxicating blend of performance and comfort that is perfectly complemented by the breezy pleasures of a convertible top. Source: KBB.com

* Potent engine choices; slick manual shifter; comfortable cabin; easy to drive. Source: Edmunds
