9VD	Audi sound system
9S0	Digital instrument cluster 10.25"
I8V	MMI® radio plus
QH1	Voice dialogue system
9ZX	BLUETOOTH wireless technology preparation for mobile phone

Dealer remarks

Check out this 2020!

It comes equipped with all the standard amenities for your driving enjoyment. Turbocharger technology provides forced air induction, enhancing performance while preserving fuel economy. With just over 20,000 miles on the odometer, this 4 door sport utility vehicle prioritizes comfort, safety and convenience. Audi prioritized practicality, efficiency, and style by including: leather upholstery, a rear window wiper, and the power moon roof opens up the cabin to the natural environment. Smooth gearshifts are achieved thanks to the 2 liter 4 cylinder engine, and for added security, dynamic Stability Control supplements the drivetrain.

Our experienced sales staff is eager to share its knowledge and enthusiasm with you. We'd be happy to answer any questions that you may have. We are here to help you.

Technical Specifications

Further information (Disclaimer)

¹ Top track speed electronically limited in the U.S. Always obey speed and traffic laws.

² Gasoline cars: Never drive until the tank is completely empty. The irregular supply of fuel that results from that can cause engine misfires. Uncombusted fuel will then enter the exhaust system. This can cause overheating and damage to the catalytic converter. Electric cars: Never drive the battery down to a completely empty state of charge.
