9ZW	BLUETOOTH® wireless technology preparation for mobile phone

Dealer remarks

Introducing the 2014 Audi S7!

Distinctive design and opulent equipment are standard. Turbocharger technology provides forced air induction, enhancing performance while preserving fuel economy. This 4 door, 4 passenger sedan still has fewer than 70,000 miles! Top features include power front seats, variably intermittent wipers, a blind spot monitoring system, and air conditioning. Under the hood you'll find an 8 cylinder engine with more than 400 horsepower, and load leveling rear suspension maintains a comfortable ride.

Our experienced sales staff is eager to share its knowledge and enthusiasm with you. We'd be happy to answer any questions that you may have. Stop by our dealership or give us a call for more information.
