## Dealer remarks

---

This Audi won't be on the lot long!

A great car and a great value! The engine breathes better thanks to a turbocharger, improving both performance and economy. Audi prioritized practicality, efficiency, and style by including: a trip computer, cruise control, and the power moon roof opens up the cabin to the natural environment. Under the hood you'll find a 4 cylinder engine with more than 200 horsepower, and for added security, dynamic Stability Control supplements the drivetrain.

We know that you have high expectations, and we enjoy the challenge of meeting and exceeding them! Please don't hesitate to give us a call.
