The S3 Premium Plus is well maintained and has just 31,435mi. This low amount of miles makes this vehicle incomparable to the competition. More information about the 2017 Audi S3: The Audi A3 competes against other compact premium cars such as the BMW 2-Series, the Mercedes CLA and, to a lesser extent, the MINI Cooper. In past decades, owning a small car meant dealing with little more than bare bones transportation. These days though, owners of small cars need not be deprived of anything, and the A3 looks to continue that trend by offering a vehicle with a small footprint but with luxury-car performance and amenities. The A3 starts under \$31,000. This model sets itself apart with clean styling, three body styles, including convertible, hybrid model, upscale feel, available all-wheel drive, high-performance S3, and Compact size
