Our Internet Value Pricing Mission at Pecheles Automotive is to present Value Pricing to all of our customers.

Preowned Internet Pricing is achieved by polling over 70,000 pre-owned websites hourly. This ensures that every one of our customers receives real-time Value Pricing on every pre-owned vehicle we sell.

We do not artificially inflate our preowned prices in the hopes of winning a negotiating contest with our customers!

We do not play pricing games. After being in business for over 50 years, we realized that Internet Value Pricing is by far the best approach for our customers.

Certification Program Details: Gold Check Certified Program. 90 day 3000 mile major component coverage

In 1965, the Pecheles family opened Pecheles Automotive's doors with a passion for quality cars and quality customer service. Knowing that every car shopper's journey is unique, the first-generation Pecheles team set out to build a dealership that provided the most professional service and staff in East North Carolina.

Today, our eight dealerships are known far and wide for going above and beyond for their guests. And with survey scores that exceed regional and national averages, our commitment hasn't gone unnoticed!
