## Dealer remarks

---

This vehicle won't be on the lot long!

Injecting the driving experience with world class power, precision and modern style! A turbocharger further enhances performance, while also preserving fuel economy. With fewer than 3,000 miles on the odometer, you'll be impressed by a spectacular blend of technology, style and refinement. Audi prioritized handling and performance with features such as: power front seats, a built-in garage door transmitter, and remote keyless entry. Under the hood you'll find an 8 cylinder engine with more than 400 horsepower, and load leveling rear suspension maintains a comfortable ride. Well tuned suspension and stability control deliver a spirited, yet composed, ride and drive

Our aim is to provide our customers with the best prices and service at all times. Stop by our dealership or give us a call for more information.
