Dealer remarks

Looking for a used car at an affordable price? Check out this 2022!

Providing great efficiency and utility! The engine breathes better thanks to a turbocharger, improving both performance and economy. With less than 2,000 miles on the odometer, this 4 door sedan prioritizes comfort, safety and convenience. All of the following features are included: a leather steering wheel, a power liftgate, and much more. Performance and efficiency are both prioritized thanks to the 2 liter 4 cylinder engine, and for added security, dynamic Stability Control supplements the drivetrain.

Our aim is to provide our customers with the best prices and service at all times. Stop by our dealership or give us a call for more information.
