Reviews:

* Here's a list of why: Want a gorgeous ride with a great driving experience, impeccable luxury, cradling comfort, generous interior space, exquisite refinement, superb driving manners, quick performance, welcome efficiency, and a first-class image? Try Audi's A4 sedan line-up. Source: KBB.com

* High-quality cabin; good fuel economy; sporty handling; excellent crash test scores; less expensive than German rivals. Source: Edmunds

* Audi continues its streak of sleek curves, single frame grilles and athletic style with the 2014 A4, and continues to be offered in three trim levels. Its interior is leather down to the wrapped, multi-functioning steering wheel. The center console, dashboard and door feature aluminum inlays. Sunroof, driver and passenger sun visors with vanity lighted mirrors and power windows with pinch protection are all standard features. Halogen headlights with daytime running lights are also enjoyed at every level, though there is an option for xenon headlights with LED. For the tech enthusiasts, the option is available to turn your steering wheel into a Wi-Fi hotspot that highlights Audi Connect and Google Earth for navigation, news and weather. For adrenaline junkies, the A4 offers a 2.0-liter TFSI engine that presents agility and efficiency, direct injection and turbo charging while also providing fuel economy. When used as a more compact family sedan, the Audi A4 offers an array of safety features including lower anchors and tethers for children's car seats, safety belt reminders for front passengers and a thorough range of airbags that will unlock the car when deployed (driver and front passenger dual-stage with detection system, front thorax side, and head curtains). The A4 also has four-wheel antilock brake system with electric brake-pressure distribution and brake assist. The safety features are rounded out by alarm and tire-pressure monitoring systems on this fine 2014 update. Source: The Manufacturer Summary
